SQUARE CUBE OF A NUMBER USING 8051

AIM :

To write and execute an Assembly language Program for finding the square of a given data using 8051 microcontroller in Keil software.

APPARATUS REQUIRED

→ Personal computer

→ Keil µVision IDE

PROGRAM :

```
ORG 1000H
MOV R0, #50H
MOV A, @R0
MOV B, @R0
MUL AB
INC R0
MOV @R0, A
END
```

RESULT :

Thus, the square of the given data is calculated using 8051 keil.

OUTPUT :

Register / Memory state :

Register	value
R0	51H
A	19H
B	00H
[50H]	06H
[51H]	00

8051 Cube Program :

AIM :

To write and execute an Assembly language Program for finding the cube of a given data in 8051 using Keil software.

APPARATUS REQUIRED :

→ Personal computer
→ Keil µvision IDE

PROGRAM :

```
ORG 1000H
MOV R0,#50H
MOV A,@R0
MOV B,A
MUL AB
MOV B,@R0
MUL AB
INC R0
MOV @R0,A
INC R0
MOV @R0,B
END
```

RESULT :

Thus, the cube of the given data is calculated using 8051 keil software.
